## August Birthdays

Wilma Kantor

This month we will be getting the kids ready for our routine & getting them introduced to class work, story time, play time etc.

Parents & Guardians, we're excited to announce that beginning with the 2025–2026 school year, we will be using Procure, a new childcare management software. Procure is a trusted platform used by childcare centers nationwide. It allows families to easily register for programs, receive real-time updates about their child, communicate with staff, check children in and out of programs, and manage billing and payments all from one easy-to-use app!
